PENNER PROTESTS BOUNDARY RE-ADJUSTMENT

Keith Penner, M.P. (Thunder Bay District) has joined with his colleagues in protesting the loss of two Federal seats in Northern Ontario as a result of the proposed electoral boundaries re-adjustment. Under the proposal made by the Independent, Non-Political Federal Electoral Boundaries Commission for Ontario, the rest of Ontario would gain a total of five seats while Northern Ontario would lose two.

"The Boundary re-adjustment", said Penner, "fails to regard adequately such factors as Geography, Natural Communities of interest, the problems of representation in Northern Ontario resulting from the lack of essential Government services, and historic units of representation. The Commission, which had no members from Northern Ontario, must be made to see that re-adjustment based solely on the equalization of population imposes yet another injustice upon the citizens of our region".

Penner and the other Liberal M.P.'s from Northern Ontario have sent a joint communique of protest to the Commission. Other citizens and groups may submit briefs before the Commission when it sits in Thunder Bay on February 8th, 1973 beginning at 9:30 a.m. It is important to notify the Commission in writing before January 19th, 1973. Please direct correspondence to: Mr. Brian S. McCool, Secretary, Fed-

eral Electoral Boundaries, Commission for Ontario, Room 326, 24I Jarvis St., Toronto, Ontario. M5B 2C3.

Ski sessions this year will again be Wednesday and Friday evenings from 7:30 to 10:00 p.m. and Saturdays and Sundays 1:30 to 5:00 p.m. It may be necessary to cancel night skiing this week due to snow conditions and hill lighting.

Don't know at this writing whether that mail strike will be pulled off, but would you believe that at the half-way mark of the NHL schedule, Montreal's 'Pocket Rocket', Henri Richard was still looking for his first goal of the season? That's right, after 40 games, Richard had yet to bulge the opposition's net. It's kind of sad that the Pocket is having such a terrible year. The last really bad year he had was 1967 when he managed only nine goals-but he only played 54 games. The Pocket will be 37 in February, maybe he should bow out now, like his famous brother did. Henri is over the hill now, it appears. The difference is that brother Maurice didn't wait until all the steam was out of him before he packed it in. Only other regular player on the Canadiens team who hadn't
