

TERRACE BAY SUPERIORS NEWS

The Terrace Bay Superiors added to a four game losing streak with an II-4 loss Sunday to the Manitouwadge Copper Kings.

The Superiors, backed by their newly signed goalie, Richard Smith, held their own well for most of the opening two periods. However, in the final frame the visitors proved their strength with 7 goals.

At the end of the first period the score stood at 4-2 for Manitouwadge and the end of the second period revealed a 5-3 lead against the host team. Goals for Terrace Bay came from Mark Dashkewytch, Rick Hamilton, Jack O'Javee and Bevin Schritt. About 250 fans were on hand to see the game.

The next home game will take place Thursday, February 8th against Marathon.

Anyone following the league standings for our neighbouring league in which the Schreiber North Stars play, would know that the Atikokan Voyageurs, like the Terrace Bay Superiors, are resting

in bottom place and also suffering some severe loses.

One member of the Atikokan executive Al Rostad, made some interesting comments "We know we're a young team in this league", he said, "and we're prepared for loses. But we still have much to look forward to, especially next year."

Like our own Superiors, almost all of the Voyageur's players were in the midget division last year. This is their first year of Junior "B" competition. Mr. Rostad also pointed out that home-town support has continued to be tremendous despite the fact that wins are not plentiful. Next year, he hopes their team will be better able to provide a stronger showing in the league once the boys have been seasoned for a year. To support a winning team is easy. To support a new and struggling club is often more rewarding and more exciting. As the Voyageurs, our own Superiors are continuing to give a good account of themselves irregardless of the final score.
