cabbie leaves it for you in that same slot. Yeh man, it's tough in Dee-troit

Who said drinking was bad for you? Two of the United States' oldest citizens say they've drunk whisky all their life and admit they don't feel worse for it. Charlie Smith, of Los Angeles, who is said to be 130 years old, said recently that the secret of his longevity is a concoction of rye whisky, fruit and cola and a couple of aspirin. He takes the same formula every night and has been doing it for years. Another U.S. man, Alvin Wetmore of Oroville, California who celebrated his 102 nd birthday just last week, says he enjoys three glasses of whisky a day - doctor's limit - along with a package of cigarettes.

TERRACE BAY AND AREA HOCKEY FANS

As many of you may have heard there has been a new hockey league formed along this portion of the North Shore.

This League known as "The Nor-West Intermediate Hockey League" consists of four communities, Manitouwadge, Heron Bay, Marathon and Terrace Bay.

The schedule consists of 12 games, with each team having 6 home games and 6 on the road. To date Terrace Bay has played a total of 9 games and are currently in first place with a 6-3 win-loss record.

As a new league will have very much appreciated the fan support we have received to date, and extend an invitation to attend our next home game against Manitouwadge, Sunday, February 11th at 7:30 p.m. As this is our last regular scheduled home game and with very little point difference between the four teams, this should be a good hockey game.

Play offs will commence in early March with each team participating. Semi-finals will consist of best out of three games, with 1st place team playing 3rd place and 2nd place against 4th place. Finals will be decided in the best of 5 game series.

As all teams have settled down and all endeavouring to provide a clean brand of hockey the remaining scheduled games and play off series should provide you with a good brand of two way hockey.

With three regular scheduled games left for each team except Manitouwadge and Heron Bay
