

Board Meeting - cont'd .....

that experiences the surplus, since in terms of our present contract teachers are hired to teach for the Board and not in a particular school. The Board and officials must also look at the need for economy under the ceilings and justify the possible need for an increase in pupil-teacher ratio.

In the initial stages the surplus teachers will be absorbed through the process of natural attrition, which is to say the positions of teachers who resign or retire from the Board will be filled by those teachers whose position would otherwise be surplus.

As each situation is unique, the Principal who is declaring a surplus, must in essence establish his own priorities to achieve the most benefit for the particular school at the particular time. The Principal will however in the course of his deliberations consider the following criteria: Adaptability and versatility of the teacher. Professional performance and attitude. Qualifications. Tenure with the Board. Total experience.

The Board will attempt to negotiate a new and satisfactory school bus transportation contract with the present bus owner, for a period of one to three years effective September 1, 1973.

A representative will not be sent to the Ontario Separate School Trustees Association annual convention being held in Toronto in April.

A summary of expenditures and revenue for the year 1972 was given verbally. It is expected that there will be a surplus for 1972 and that there may not be penalties imposed by the Ministry. The picture is still subject to change, as the official audit has not been carried out yet.

Correspondence as outlined in the agenda was read.

The Director of Education will continue his efforts to dispose of the Heron Bay School.

The Television Club of the Lake Superior High School will be permitted to televise and broadcast over station CKTB four programs of the Terrace Bay 1973 Winter Carnival as outlined in their request, provided that written permission is also obtained from Lakeshore Community Television.

The Administration is investigating the possibility of a completely portable self-contained building that can be used throughout the district as the need arises. This motion is in hand and will be tabled.

The next meeting of the Board will be held at 10:00 a.m., Saturday, March 10, 1973 in the Manitouwadge Public School.

### SCHEIBER-TERRACE BAY SEARCH & RESCUE

On February 7th a meeting of the board of directors of the search and rescue was held in the Schreiber Public School. It was decided at that meeting to hold a general meeting of all interested persons in Schreiber on Wednesday February 21st at 7:30 p.m. in the Public School gym, and at 7:30 p.m. in St. Martin's Parish Hall in Terrace Bay on Thursday, February 22nd.

At this time people not actively involved and wish to become involved in anyway may do so.

Classes are being planned for the search group in first aid, maps and compass reading and general bush survival. There will also be an associate
