SCHREIBER COUNCIL QUOTES

D.A. Manahan, Planning Officer, Ministry of Economics, Treasury and Intergovernmental Affairs, attended the second regular February Schreiber Municipal Council meeting to discuss development within the township.

He stated that the official plan and enforcing restricted area (zoning) by-laws are required where a municipality is experiencing considerable growth, but a restricted area (zoning) by-law is a means of obtaining controls over development and recognizing existing development and limited new growth. He outlined the necessary procedure, offering to assist in any way. Reeve McParland thanked Mr. Manahan for explaining the involved procedure.

Council decided the existing by-law dealing with clearing roads of vehicles during snow plowing operation is adequate and will be enforced.

The resignation of William Malcolm, By-Law Enforcer and Ambulance Supervisor, was accepted with regret.

It was decided to have the tax bills prepared by I.B.M.

J. Stokes, M.L.A., advised council that additional assistance has been granted to small municipalities for water and sewer projects.

A reply was received from the Ministry of Natural Resources concerning the organization of the Ministry's Field Organization - the town of Schreiber will be located within the newly-formed Terrace Bay District but as yet no decisions have been made regarding the staffing of the new district nor the actual location of the district personnel.
