

Board Meeting - cont'd .....

building requirements. The committee will be composed of: Trustee, A. Allen; Trustee M. Dettbarn; Trustee G. Fairservice; Trustee, M. Reid.

The next regular meeting of the Board will take place at Lake Superior High School, Terrace Bay Campus, Saturday, April 14th, at 10:00 a.m.

Information re Surplus Staff:

Surplus staff is caused by declining enrolments, termination of a particular selective program of instruction or for the need for economy under the ministerial ceilings which may justify a need for an increase in pupil-teacher ratio.

The Board will attempt to renew the surplus teachers' contracts for the following school year through subsequent vacancies.

A teacher declared surplus shall maintain his/her surplus status until:

- a) the teacher accepts re-assignment,
- b) the teacher accepts a teaching position outside the division,
- c) until the completion of the succeeding school year, whichever of the three alternatives occurs first.

"ACTION FOR NORTH OF SUPERIOR" FORMED

On March 7th, a meeting with regards to Helicopter Hunting of Moose was held in Nipigon.

The meeting was opened at 7:30 p.m. by Mr. Bill Seguin, who gave a brief summary of the past history of complaints regarding helicopter hunting, and the seemingly fruitless result of these complaints. He explained that this meeting was called to organize all those people interested in the helicopter as a hunting tool into one unit all working for the same objective. About fifty persons were present at this meeting, including two representatives from the Ministry of Natural Resources, Mr. R.W. McGilvary and Mr. C. Oswald.

The aims of the group were pointed out as -the immediate aim is to ban the transportation of moose and moose hunters in the field by helicopter; to educate local hunters to the fact that this new legislation restricting non-residents will not stop helicopter hunting; more distant objectives for the group may be stopping construction of an access road to the Black Peninsula, thus preserving the wilderness aspect of the area; promotion of the National Park concept that Robert Andras prepared for this area about a year ago; to pro-

mote more action in the fish stocking for Lake Superior and the small inland lakes in this area; to look into Guide Laws for non-resident dents coming to hunt and/or fish; to prevent free fly-in access to our wilderness for U.S. aircraft.

Those present generally agreed with these aims (there were exceptions), but the meeting moved on to elect officers and select a name for the committee. The name chosen for the group was "Action for North of Superior" and the executives chosen by the meeting were Chairman-Dave McCabe; Vice-Chairman-Roe Skillen; Publicity Director-Monty Kerr; Secretary-Bill Seguin; Research Directors-Brent Sands; Ted Nyman; Dennis Almgren.

Mr. Dave McCabe took over the meeting and led a lively discussion from the floor regarding the pros and cons of hunting moose by helicopter in Ontario.

Mr. Ronald Sault spoke on behalf of the people at Lake Helen Mission and said he was in complete support of the cause of the committee, and would do what he could to get any information which may lead to the stopping of helicopter use in moose hunting.

Mr. McGilvary of the Ministry of Natural Resources told the meeting that he thought that using helicopters in the hunting of big game was not a feasible venture, in that it could not likely pay for itself, and with this known, he suspected we would not again see helicopters used in big game hunting in Ontario. The committee hoped that this would be so, but stated they would continue to try to get legislation to guarantee this, just in case someone found a way to make it pay.

If any groups are interested in hearing arguments presented at the meeting, or seeing the tapes, they should write to "Action for North of Superior", Mr. Dave McCabe, Red Rock.

Terrace Bay Council Quotes - cont'd
