

Tax Credit Plan - cont'd

Treasurer, John White is involved in the plan's administration, said that many thousands of additional claims are in various stages of processing.

"We are doing our best to bring the Property Tax Credit Plan to the attention of all who are eligible -- and that could include anyone who paid property taxes or rent in 1972," Mr. Grossman said. Advertisements and postal delivery of a Tax Credit notice to all households in Ontario are being used to bring the plan to the attention of those who are eligible.

"We are especially anxious to reach all low-income families, pensioners, farmers and roomers," he said.

Special Ontario forms are included with the Federal income tax form and the Ontario payments are processed through the Federal tax system.

While many Canadians automatically receive tax forms, most people who normally do not pay Federal income tax must obtain their own forms which are available from all post offices. In addition to filling in the mauve Ontario Tax Credit form, claimants must fill in pages one, two and four of the Federal tax form and forward them to Ottawa.

Tax Credit payments can reach up to \$250 depending upon such factors as taxable income and amount of property taxes or rent paid. Total projected cost of the program is \$160 million.

The Alumni Association of Confederation College held its third annual reunion and social Friday evening in the Shunia Building of the college.

A CANADIAN

A Canadian is a fellow who drives home in a German car from a French movie; slips out of his Hong Kong rubbers and Italian shoes, puts on his Japanese robe and Mexican slippers and sips Brazilian coffee from English china while sitting on Danish furniture and watching his youngsters play in their Czechoslovakian sneakers.

Then he writes to his member of parliament with an American pen demanding that Ottawa do something about the unemployment situation
