

Spring into Summer

with central electric
air conditioning

Don't let the hot days of summer slow down your get-up-and-go. Stay fresh as a daisy all year long by creating the freshness of spring in your home.

Complete comfort control isn't far away, if you already have a forced air heating system. Just add a central electric cooling unit, with electronic filter and humidity control. You can then enjoy your own custom climate with comfortably cool, clean air in every room.

Total year-round comfort is well within your reach, if you think electrically. Call your Hydro, and find out how the joys of spring can be with you every day of the year!
