

Rights-of-way - cont'd

Finch Avenue subway stop in Metro Toronto. It gets its name from the fact that cars can be driven across a right-of-way to the subway entrance and spouses can kiss their mates goodbye before the journey into downtown Toronto.

To gain a better knowledge of the policies and operations of municipal parks, meetings are being held between Hydro and park officials of a number of municipalities. Preliminary hearings have been held with park officials of Metropolitan Toronto, the City of Toronto and the Boroughs of Scarborough, North York, Etobicoke, York and East York.

"Municipalities, government agencies and many other organizations including commercial users will now have the opportunity of developing Hydro rights-of-way for public parks and recreational purposes, thereby expanding their recreational areas at relatively little cost and no risk of losing their investment."

IN MEMORIUM

In memory of our friend George Young, just 16 years, who died accidentally May 13, 1972.

May God forgive a silent tear
A silent wish that you were here
Silent thoughts of times together
Silent memories, ours forever

Your smile, your laughter is with us yet,
Yours goodness and kindness we'll never forget
A find young man you were meant to be
God knew, and loved you more than we.

Sadly missed by the Zwaresh family.
