

Hospital Board Meeting - cont'd .....

V. Mazzone reported that a rain shelter will be installed at the Emergency Entrance in order to protect patients from inclement weather when entering the hospital from the ambulance. Negotiations are in progress with the Radiologist at Port Arthur General Hospital to have all X-Rays sent to that hospital for written interpretations. This is the practice of other hospitals in the district which are not large enough to employ a Radiologist and will be recommended to the Board as soon as budgetary approval is received.

Dr. Adey, Chief of Medical Staff, read the minutes of the quarterly meeting of the Medical Staff held on May 8, 1973. The hospital drug formulary is being reviewed and up-dated. Group purchasing of drugs with other district hospitals will help to reduce current costs.

Beth MacAdam, President of the Auxiliary, announced that their next meeting will take place on May 28th.

Under new business, Barry Stephen, Treasurer of the Board, presented the quarterly budget report and answered questions from the other members. Approval was given to purchase three (3) wall cabinets and a vacuum cleaner. Monthly reports of the Board meetings will be

given to the Terrace Bay News in order to provide the general public with more information about Board activities. The next regular meeting was scheduled for June 25, 1973 in the Terrace Bay Municipal Office.
