TERRACE BAY COUNCIL QUOTES

With Councillors Helmink, Hale and Reeve Roy Bray present, the first May meeting of Township Council was held Wednesday, June 13th.

Minutes of the Library Board, Recreation Committee and Township Council were adopted.

The May police report was read as submitted by Chief Barnett.

Chief Barnett also reported through a letter that Mr. George Histed, recently hired as a Constable with this Department is unable to accept the appointment due to family sickness. The damage to a telephone pole on Elizabeth Ave. as a result of a recent accident is estimated at \$300.00. Chief Barnett has informed Council that damages may be claimed from either the offender or the Uninsured Motor Vehicle Fund.

Under correspondence a letter from GRM Engineering requested Township to supply 550 volt 3 phase system to the said premises for 12 months and to be increased to 250 amps within two to three years.

Upon a request by Council to the McCausland Hospital Corporation for Board minutes an answer was received that these minutes are official documents of the Hospital Corporation and should not be distributed to any other organization and Council should obtain these reports from the Township of Terrace Bay representative who is supplied with a copy of these minutes.

Kimberly Clark of Canada wrote advising Council they had been approached by the Ministry of Natural Resources requesting that the private road through the Golf Course be made public. Kimberly Clark is prepared to sell the land to the Ministry and also dedicate the road to the Municipality with the municipality assu-

FREE LITTER BAGS FOR SUMMER TRAVELLERS

A million litter bags are being distributed by the Ministry of the Environment to meet the start of the summer vacation season.

Bearing green wording which reads--The Pollution Fighter, Use It, Keep Ontario Beautiful, the white plastic containers will be available at all Ontario Industry and Tourism travel information centres and field offices, major regional tourist bureaus and at service stations on mainly travelled highways.

The bags are keyed to Environment's current anti-litter campaign.

ANNOUNCEMENT

Ranald T. Ide, chairman of the Ontario Educational Communications Authority announced the reappointment of Margaret Averill of Marathon, to the OECA Northwestern Ontario regional council.

Mrs. Averill is an expert at dealing with pre-school and disturbed children for the Lake Superior Board of Education. Her work covers the area which includes Rosspport, Schreiber, Terrace Bay, Marathon, Manitouwadge in special education.

The 15-member regional council was formed over two years ago to advise the OECA on the development of educational television and other educational technology in Northwestern Ontario.

The council meets once a month and welcomes the views of the general public on educational communications.
