

Playground News - continued

with a big unbirthday cake. We wish to thank the mothers who donated food for the party.

Friday night, Kangaroo Court was in session for the 7-12 year olds. Everyone participated good-naturedly and it was hilarious to watch the outcome - Norman Beaulieu and Ed Gramatowski have now been introduced to the free art of shaving, which could be quite useful to them in later years if they replace the pop-sicle sticks for the real thing!

This week is the final week of the Playground programme for this summer. Included in the wind-up events is a Family Entertainment Night this Thursday evening at 7:00 p.m. in the High School auditorium. It is shaping up to be a really great show and parents and friends are cordially invited to attend. Winners of the Poster Contest will also be awarded Thursday night.

SWIM POOL NOW IN OPERATION:

At the time of this write-up, new parts had arrived for the return pump at the pool and the pool was back in normal operation. We apologize for any inconvenience caused to the general public last week while we were experiencing these mechanical difficulties. With the co-operation of the Public Health Inspector, we were able to work out a system to keep the pool open to the public while our pump was down.

It is important to point out to the general public that from time to time mechanical difficulties will arise, causing inconvenience to the swimmers.

SWIM CLASSES-IMPERATIVE THAT YOU ATTEND:

We are now on to the last leg of our instructional programme for the summer. Pre-testing and tests of the various categories will be taking place next week so it is imperative that all swimmers attend the remaining swim classes. Results of our July set of classes were excellent and it is hoped that the August results will be comparable. It is up to you, the swimmer, to put the amount of work and practise required into the classes to be able to pass your tests.

SWIM POOL SCHEDULE TO BE ALTERED:

Once the August set of classes is completed, the pool schedule will be altered for the first week or two in September to allow for as many people as possible to take part in the open swim sessions before closing the pool. Details of the revised swim pool schedule will definitely be announced in next week's News.
