THE CORNER STORE

A handsome building, an addition to the main street in Schreiber, will result from the structural renovations and complete changes in side and outside of the Spadoni Store - but - townspeople are feeling nostalgia because the familiar look of the old Corner Store will be gone from the local scene.

The store was built by J.E. Walker, who came to Schreiber in 1886 and, since, he wrote the Department of Education, on his own stationery as a merchant, the store must have been built, or, likely was built in 1887.

And in the intervening years has housed the post office, a jewellery store, the CPR watch inspector and other business interests. Many are the grandparents in town now admitting to 'pinching of apples' from the barrell near the door on the grocery side, and noted, it now observed by Mr. Mudge; well-aware that the culprit already had an apple in his or her pocket, but to maintain prestige, must once at least, get a free apple.

And, in a reversal of the trend now to Girl Watching, the school girls in town, claimed the Corner for an hour after school, to check, when the rustling taffeta petticoat was a sign of the well-dressed lady, just who actually had such a delightful garmet, and, who was deceiving the public by using rustling paper instead, under her street length skirt!

Among the many students leaving Schreiber this Fall, and their destinations are the following:

To Lakehead University - Tom McGrath, Aileen Ross, Roy Huard, Gerard and John McGrath, Douglas Stefurak, Mrs. Lance Stewart, Bob Nesbitt, Kathy and Karen Guina, Bill Hiller, Sharon and Robin Smith, Linda and Larry Fraser; To Western University - Greg Morrill, Tony Commisso, Ted Ross; To the Regional School of Nursing - Cathy Anderson, Carol Webb, Donna Noonan.
