

SCHREIBER DETACHMENT O.P.P. PRESS RELEASE

In Northwestern Ontario and especially along the Northshore winter shouldn't come as a surprise. We have it every year. Every year it brings special driving problems and places even a greater responsibility on you as drivers for your own safety and the safety of others using the roadway, pedestrians as well as other motorists.

Each year the first snow usually catches everyone off guard but when the cold signals the geese, it is time to start packing south, it is time to prepare your automobile for the inevitable.

1. ANTI-FREEZE - Permanent anti-freeze should be tested. Otherwise, drain, flush rad and re-fill. Check cooling system.
2. BATTERY - Tired batteries die in cold weather. A new battery saves service calls and late appointments.
3. BRAKES - Top performing brakes are essential. Check, adjust and reline.
4. LIGHTS - Check headlights, tail lights and turn signal lights.
5. MUFFLER - Have exhaust system checked. Fumes seeping into a closed car that is being warmed up can kill.
6. TIRES - Worn tread means poor traction

and poorer stop. Replace with good snow tires

7. TUNE-UP - That smooth running summer engine that went to the coast and back and never burned an ounce of oil may need a little attention.

8. WASHERS - Be sure to put the right amount of anti-freeze in with the water. A week mixture can cover your windshield with ice in a second.

9. WINDOWS - Every time you use your car, clear ice and snow from all windows. Make certain to keep the rear windows clear also.

10. DRIVER - Don't forget yourself. Why not have that examination you put off all summer, and when was the last time you had your eyes tested.

Prov. Constable #3I70

Schreiber Detachment

Save Energy

When cooking, match the size of pots to the range units. Heat is wasted when the pot is smaller than the unit.

MINERAL EXPLORATION CLASSES

The Ontario Ministry of Natural Resources will present classes in mineral exploration at Schreiber

Monday, October 22 to Saturday, October 27, inclusive.

Classes will be held from 7 p.m. to 10 p.m. at:
