their ability to win by defeating top-rated clubs like Montreal and Boston. The Flames went well under coach Bernie Geoffrion last year and were in the battle for a playoff berth until the last five or six weeks of the schedule, when they foundered. With that year's experience under their belts, they might give L.A. a good fight for that last playoff berth.

your week ahead BY DR. A.W. DAMIS

Forecast Period: November 4 to November 11, 1973

ARIES
Mar. 21 - Apr. 19 This week in particular, it's the old story of: A bird in the hand. Don't delay taking advantage of a situation because someone promises you "bigger things" in the future.

TAURUS
Apr. 20 - May 20 A good seaman is recognized in bad weather. Meaning? Study the reactions of an associate — who faces troubled waters; lend a hand — you won't be sorry!

GEMINI
May 21 - June 20 A member of the opposite sex, who weighs everything on a scale of ambition, will seek your help, subtly. The point? Expect nothing in return.

MOONCHILD
June 21 - July 22 According to your chart, most members of your sign must avoid unproductive hours. Apparently, you face a stretch of untimely interruptions and postponements. So, allow for an emergency.

LEO
July 23 - Aug. 22 In the general scheme of things, most members of your sign are inclined to take a somewhat devious advantage of the opposite sex . . . in order to receive a special favor.

VIRGO
Aug. 23 - Sept. 22 Let's put it this way, you are entering a romantic cycle. Take care, however, clandestine activities with the other sex, show in your chart. Keep thoughts out of the shade.

LIBRA
Sept. 23 - Oct. 22 Envy, secret resentment coming from an unexpected source could hit you as a fist. Don't boast about recent breaks coming your way.

SCORPIO
Oct. 23 - Nov. 21 You are entering a period when you might be less sure of yourself; especially, when it comes to saving money through sharp buying. Don't spend this week!

SAGITTARIUS
Nov. 22 - Dec. 21 There will be small difficulty in your seeing that a few of your associates have underestimated your ability. Physically, emotionally and intellectually — you're a winner!

CAPRICORN
Dec. 22 - Jan. 19 You might feel a rush of anger and attempt to defend yourself against a remark that's coming your way. Success, this week, will provoke envy.

AQUARIUS
Jan. 20 - Feb. 18 It seems singularly pointless to tell you; nevertheless, your relationship with the opposite sex is beginning to drift. Take nothing for granted.

PISCES
Feb. 19 - Mar. 20 You're not a student of the theory that no one should be trusted; but, make certain that you sign nothing that commits you to a long term obligation.

le of years ago. They haven't been the same since, although they managed to squeeze into the playoffs last season. They only have two genuine NHL stars on their club -- Gary Unger and Down Awrey (the latter acquired from the Bruins as the start of the season) -- and that isn't enough.

Ken Schinkel, coach of Pittsburgh Penguins, isn't an established NHL pilot and probably hasn't got the savvy to lift his players higher than sixth or seventh spot. It'll be interesting who'll wind up sixth or seventh, Pittsburgh or St. Louis.

California Golden Seals. They've got a fine name and some colorful uniforms, but that's about all the nice things you can say about them. Charlie Finley may own the best baseball club in North America, but he hasn't done much for his hockey club. There's only one way to describe the Seals -- Aaaghghh !!!
