the anxious lady said. "I'm going to preserve the manure in plastic and put it on the piano in the English Pub where I work," That, friends, is what I'd call real horse lovin'.

your week ahead BY DR. A.W. DAMIS

Forecast Period: November 11 to November 18, 1973

- ARIES**
Mar. 21 - Apr. 19
Faulty advice coming from an associate, might cause you to run up blind alleys. In other words, avoid being a victim of half truths and rumors.
- TAURUS**
Apr. 20 - May 20
Forget about what someone has done . . . it's what they are about to do that's important. Keep a watchful eye on a devious associate!
- GEMINI**
May 21 - June 20
Revolt against authority, shows in your chart. That's not all! Indifference toward a member of the opposite sex could also be a problem. Self-analysis is in order.
- MOONCHILD**
June 21 - July 22
Don't let someone tie you down with the story of their life. You're prone to taking on someone else's problems, while neglecting your own.
- LEO**
July 23 - Aug. 22
A social opportunity, with romantic overtones, seems to be in the scheme of things, for many under your sign; stick to platonic associations, only!
- VIRGO**
Aug. 23 - Sept. 22
A friend is in trouble! There is something questionable about it all. Act firmly, don't give way to your natural sympathy.
- LIBRA**
Sept. 23 - Oct. 22
Rumors are coming your way that have a ring of truth. Study what you hear with professional judgment. You might make a bad choice that will affect your job, project or mission.
- SCORPIO**
Oct. 23 - Nov. 21
Information is being withheld from most members of your sign. No malicious intent is involved. Someone, simply, believes what you don't know, won't hurt you. Look into it!
- SAGITTARIUS**
Nov. 22 - Dec. 21
In affairs of the heart, time is working in your behalf. Resist the urge to hurry things along. Remember, patience makes the difference between the spider and the fly.
- CAPRICORN**
Dec. 22 - Jan. 19
You might step out of character. It seems as though most members of your sign are inclined to become too pushy; especially with the other sex.
- AQUARIUS**
Jan. 20 - Feb. 18
Generally, a good first impression seems to be your thing. According to existing stellar aspects, your appearance and grooming will be very important, this week.
- PISCES**
Feb. 19 - Mar. 20
Don't rely on promises made in the past. Apparently, you are depending on or thinking about, entering a new venture - based on support offered you some time ago!
