

Conserve Energy - continued from page 5

reduce the driving speed of school buses and review school bus schedules to save gasoline; ensure that schools now under construction have high heat retention walls; if practical consider the use of storm windows and improve caulking around windows and consider reducing the amount of hot water used in schools.

Mr. Wells also suggested to teachers that they direct the attention of their students to the current energy problems in their geography and environmental science classes. This, Mr. Wells said, would create a greater awareness among students of the ongoing need to conserve energy.

BOARD OF EDUCATION MEETING

The Minutes of meeting No. 10/73 held October 20th, 1973 and the Disbursements for the month ending October 31st, 1973 in the amount of \$325,050.79, were approved at the November 17th meeting of the Lake Superior Board of Education held in Manitowadge.

H.J. Boudreau, Business Administrator, reported on the Board status of collection of taxes in unorganized territories under the categories of: a) arrears b) current levy.

The Tax Arrears Eligible for Write-Off, in the amount of \$589.91, will be written off against the Allowance for uncollectible taxes.

The Board accepted with regret, the resignation of Mrs. Jacqueline Tarnowski, Manitowadge Public School, effective December 31, 1973 and the termination of employment of Mrs. Linda Nesbitt, Board Office Receptionist effective October 31, 1973 as pre-organization plan of April 19, 1973.

Mr. Ron LaChappelle,

was appointed Maintenance Co-Ordinator for Manitowadge, at fee according to schedule, effective January 1, 1974.

The establishment of a list of incidental furnishings for schools was viewed as unnecessary. Major purchases, such as refrigerators, will be purchased through the normal capital budget process.

The Board will conduct a contest to provide a Lake Superior Board of Education Insignia according to the plan presented by Mr. R. Ward per Item B. 6., of the Agenda, with a \$25.00 award for the winner of each section of (1) Insignia design, (2) Motto.

It just keeps getting better.

Of the one million snowmobiles Ski-Doo has made, one out of three has been an Olympique. It is the standard of reliability among snowmobilers. Come in and see what's new with Olympique for '74: deep, shock absorbing seat; muffler and air intake silencers; deep profile, endless rubber track with embedded steel rods; rugged single and twin cylinder Rotax engines; choice of 6 models including electric start; and, of course, a full one-year warranty.
