

MINISTRY OF HEALTH APPROVES HOSPITAL BY-LAW AMENDMENT

The McCausland Hospital Board of Governors has received approval from the Ministry of Health for the recent Amendment to the Administrative By-Laws. This amendment was approved on October 9, 1973 in accordance with subsection I of Section 9 of The Public Hospital Act of Ontario and must now be confirmed at the Annual Meeting.

The effect of this amendment is to eliminate Section 3, Paragraph 3 which stated:

"No person may be elected or appointed a Governor after reaching the age of seventy (70) years."

The initial suggestion for this change to the By-Laws was made by a letter from Lester McCuaig, President of CHIMO, to the Board of Governors. The hospital wishes to thank this organization for their interest and the initiative shown by their recommendation to improve the present By-Laws.

NEW BANK MANAGER FOR BANK OF MONTREAL

Schreiber, who has always taken a very proprietary interest in the managers sent here by the Bank of Montreal, are well-pleased with D.G. (Dave) Walton, transferred from Moosejaw. Mr. and Mrs. Walton have two small children - Tammy, to be 6 in December, and Heath, to be 5 in January - giving them immediate welcome in the circle of young parents.

Schreiber customers, in their only Bank, have expected, and with few exceptions, been given a manager who not only gives professional advice, but also lends a sympathetic ear to problems besetting his patrons, and for these qualities, Mr. Walton seems to be 'made to order'.

Mr. Walton replaces G.D.G. Korman who has gone to Souris, Man. as manager.

Reeve McParland said the Legion's concern and support in community affairs was appreciated and knew they'd be interested in brief sketch of present business: after seven years of planning the sewage contract has finally been signed; the new dam required seems certain with the C.P.R.'s co-operation; a public meeting is to be held shortly regarding the proposed medical centre.

Dr. Spacik said he felt very proud in being asked to address such an honourable institution as the Canadian Legion, knowing the history which lay behind its members. The poignant 'Lest We Forget' used in the Legion Remembrance Day Services to me, bear the admonition that we should remember, and What Shall we Remember? - we should question ourselves and consider; The tragedies of the last two world wars? involving the fate of whole nations.
