

L.S.H.S. GEOGRAPHY FIELD TRIP

Recently the Geography Department of Lake Superior High School held a field trip involving Kimberly Clark and Wilwood Operations.

The first year students from both the Schreiber and Terrace Bay Campus participated in this unique educational experience. The Ministry of Natural Resources provided the "hardhats" required and Kimberly Clark granted permission to use the company's road and offered the services of several of its personnel.

The trip was a great success and a memorable learning experience for all involved.

Special thanks is expressed to Mr. B. Haas, Mr. D. Mannisto, Mr. Penna, Mr. G. Puttock and Mr. D. Thompson for their co-operation and assistance on this worthwhile trip.
