SCHREIBER ART CLASSES

Schreiber Art Club has concluded a successful 10-week fall art course through the efforts of the Continuing Education Division of the Confederation College of Art and Technology of Thunder Bay.

The classes, beginning September 24, were held weekly in the Schreiber Public School with forty-three students registered and had an average attendance of over 90%.

The course was divided to accommodate both beginners and more experienced painters and exciting projects were experienced by all.

The enthusiastic students are making plans for another 10-week course to commence the middle of March, 1974, with plans for colour theory and new techniques. Portraiture sessions will be included for interested students.

Following the final Monday evening class, lunch was served and Mrs. Helen Strickland of Thunder Bay, course instructor, was presented with an amusing scroll, depicting various members in characteristic attitudes, at work, uttering familiar, unkind comments about their talents.

Once again, the 10-week course just slipped by, however, Mrs. Strickland came to the rescue by inviting all students to extra painting sessions Tuesday afternoon and evening. Mrs. Strickland also complimented the students on their achievements during the course.
