## TERRACE BAY COUNCIL QUOTES

Terrace Bay Town Council met in regular session on Tuesday evening at 7 p.m. Police Chief David Barnett gave his report, and answered questions by the Councillors.

Minutes were adopted as read. Business arising included a discussion about the steps which lead from Birchwood Terrace to lower Kenogami Road and thence to the hospital. These steps are in need of repair, being unsafe for use at this time. This property belongs to Birchwood Terrace, Home for Senior Citizens, and will be looked at. Meanwhile, pedestrians are advised to avoid them.

A letter from Holy Angels Separate School for monetary assistance with the planned Public Speaking contest was read, with Council agreeing to make a donation of up to \$25.00.

Letters from St. John's Ambulance, the Mental Health Association of Ontario, and the Salvation Army, requesting assistance were reviewed, and Council decided since Kimberly-Clark employees contribute to these organizations in their Charity Fund, it was unfair to ask tax payers to pay again, and the letter writers will be so advised.

A letter from the Terrace Bay Library Board requested permission to meet with Council and present their 1974 budget estimates. This will be arranged.

The Ministry of Social Services asked Council to submit a name to be elected to the Board of Management, Homes for the Aged. Councillor Cy Brassard agreed to let his name stand
