

TERRACE BAY HORTICULTURAL SOCIETY NEWS

The Terrace Bay Horticultural Society met at the home of Mrs. E. Mannisto for their first meeting of 1974, on January 17th. The meeting was called to order by President Mrs. H. Hiebert. There were eight members present.

Chairmen and their committees were selected for the coming year. Tentatively the Junior Gardeners will receive identification cards this year. The Society will keep you posted.

A letter requesting Terrace Bay to host a district meeting was turned down. The date for the General Spring Meeting is being looked

into. There are also plans being made for the Annual Plant Sale.

It is the hope of the executive to have Mr. Bill Hartnoll of C.B.C. Radio stop in Terrace Bay on his Northern Ontario trip to speak to the interested people in our town.

The meeting was adjourned and lunch was served.

your week ahead BY DR. A.W. DAMIS

Forecast Period: February 10 - February 16

 Here we go again! It seems as though many members of your sign will permit . . . pleasure and the thoughts of the opposite sex to interfere with daily chores.
- TAURUS**
 Apr. 20 - May 20
 Favorable aspects hover over your chart. Apparently, a previously developed skill or aptitude will come into play, during this week's cosmic cycle. Oh yes! Overtures from the opposite sex are probable.
- GEMINI**
 May 21 - June 20
 Avoid old, very old emotional ties. Apparently, in affairs of the heart, you are heading toward a situation that promotes systemized self deceit. Don't duplicate past errors with the opposite sex.
- MOONCHILD**
 June 21 - July 22
 Apparently, an associate or close friend is about to throw away security for a short gain. In one form or another, you will be affected.
- LEO**

 You can't kid stellar patterns. The truth of the matter is: You are going to blame someone else for your own shortcomings.
- VIRGO**
 Aug. 23 - Sept. 22
 Don't get the wrong idea! Your chart isn't telling you to run from your problems, nonetheless, it would be a good idea to ignore outside pressures, heading your way.

 It's a fact of life, some members of your sign are in the initial stage of becoming involved in a triangle. Subtle overtures show in your chart.

 There's not much in the way of excitement, this week. It's worth mentioning, however . . . You will have the chance to say "I told you so."
- CAPRICORN**
 Dec. 22 - Jan. 19
 Put wishful thinking where it belongs. Apparently an associate will approach you with a "Hare brain" scheme. It's "steady as she goes," with your plans.
- AQUARIUS**
 Jan. 20 - Feb. 18
 Past mistakes and beliefs might return to plague your present relationship with the opposite sex. Avoid talk of by-gone days and rehash.
