

**SKI CLUB NEWS**

A very successful Amateur Ski Instructor's Clinic was held at the Terrace Bay Ski Club this past weekend. Participants in the course were Joan Campbell, Leigh Ann McBride, Lori McBride, Ann Stephen, Helga Hermes, Terry Paukstys, Dan Moore, Bill Megraw Jr., and Robert Vanderkam. The instructor was Barb Goodfellow from Thunder Bay - a member of the Canadian Ski Instructors Alliance.

As a result of this course we will have some very competent instructors within our own club to offer coaching to the rest of our membership.

Regular ski lessons and racing will now commence on Saturday mornings at 10 a.m. starting February 16th and running for about a four week period.

The club will be holding a Ski-a-Thon on Saturday, February 23rd from 2 to 3 p.m. to raise money which is badly needed for club operation and maintenance programs as our club finances have dropped to a very low level mainly because of poor skiing conditions over the past two seasons.

Here is a chance for the public and ski club members to help support skiing in this area. Skiers obtain your pledge sheets from any member of the executive starting Friday, February 15th.

**Fuel Shortages?**

I just read in a magazine how one company is doing research to help us in our Energy Crisis. They feel that in a couple of years they'll be able to heat an entire apartment building with only one lump of coal. I've got news for them - that's what my landlord is trying to do now!
