

SCHREIBER HYDRO NEWS

The cost of wholesale power to municipalities has increased at an average of 8% each year for the past number of years and again in January 1974, caused mainly by inflation.

At a recent meeting of the Schreiber Hydro Electric Commission after our year end audit, we are pleased to announce that our commission is in a sound financial position and there will be no increase to the Schreiber customers for the year 1974.

APRIL AID

The income tax help system and how to make it work for you.

As you know by now, we changed a lot of things last year. We gave you a new return, a new Guide, several new deductions and a few new rules. And quite honestly, we were more than a little concerned about your reaction to it all. (And very, very interested in your opinions.)

Well, now that we've had time to really look back at it and assess it honestly, it appears that most taxpayers did not seem to find it too difficult. The error rate did not accelerate greatly or change drastically from former years. Generally, most taxpayers seemed to handle their new returns fairly well.

However, Income Tax will never be the easiest or most enjoyable thing in anyone's life. And it will always present problems in some areas, for some people. That's expected and understandable.

So, what we want to do now is really work on those problem areas. And the best way to do that is to work with you, individually, on whatever part of Income Tax that causes you difficulty.

And that's what April Aid is all about. It's a help system and its primary objective is to ensure that whenever or whatever you need help with, you can get it. And know how to get it.

And this is how it works:

First. Your Guide is always the best answer when you have a problem. Read it. Follow it. It not only gives explanations, but in many cases, examples of just how to figure something out.

Second. If you're still confused or something just doesn't seem to work, phone. The number of your own District Taxation Office is below and at the end of that number there are people whose only job is to help taxpayers with problems, by telephone. And on Mondays and Tuesdays phone lines are open 'til 6 p.m. So don't hesitate.

If you live outside the office area, call the Operator and ask for Zenith 0-4000. She will automatically connect you to your own District Taxation Office. Remember, all calls are free, all questions are answered, and if you have queries, we want you to call.

Third. Some people prefer to talk things over in person. If you're one of them and have problems, drop by for free help. Anytime. The address of your District Taxation Office is below.

Fourth. Write. To the address below. Explain your problem as clearly as possible and include all information. (And your return address, please.) In return, we'll answer all letters as quickly and clearly as possible. Remember—if you need help, it's there. (And free). And all you have to do is ask.

Let's make it work for you.

Together, we can get it done.
