

BROWNIE NEWS

During the months of February and March the Brownies of the 1st Terrace Bay Pack have been very busy.

February 22nd was Lord and Lady Baden Powells birthdays. He being founder of Scouting and Guiding and she being the World Chief Guide. All organizations celebrate this day called 'Thinking Day' in their own way, and Pack I had a wonderful imaginary trip around to different countries. First to the hot sunny climate of the Phillipines - with Brown Owl Saranpaa, they visited the pineapple groves and saw cocconut palms, tasted these delights and studied the Brownie uniform, flag and wished for some warm sunshine, to take home.

The next stop was Switzerland, the land of skiing, and wonderful cheeses. Tawny Owl Robitaille tempted the Brownies with cheese and crackers as they heard the different languages that are spoken there, and then an imaginary trip on Switzerlands Railways over to Germany with Tawny Owl Jones.

Joan Costall in the National Dress (courtesy of Mrs. Inga Deutscher) welcomed everyone, and lots of fun was had in saying a few words in German. Homes and Chalets were lovely designed by the brownies and a collection of coins and German books were displayed

The last stop on the world trip just had to be in the sunshine again, this time to South Africa with Tawny Owl Wallwin. Here we saw the straw huts and the South African Brownies in their lovely cool uniforms, travelling the roads through the grape vines was interesting because each bunch of grapes was cleverly designed with pennies collected for the 'Thinking Day' fund.

This finished off the trip on a good friendly note and kept everyone in high spirits for the lunch around the Toadstool, where foods of different countries were eaten and just a few brownies hesitated to try the Liverworse and Pumpnickel from Germany. Cup cakes and koolaid completed the Menu.

Singing in the candle light of 'Lady Baden Powell's' Birthday cake was a lovely closing to a delightful evening.

March was pretty active. The Brownies collected rags for the McCausland Hospital Auxiliary, and they had a great response from their parents. Bags and bags were sorted at meetings and Terrace Bay Rangers spent a whole day at the home of Captain Jones and cut squares and packed them. Brown Owl Saranpaa appreciated the support the parents gave to this worthwhile project.

Winter time is skating time in Terrace Bay and the Brownies had an interesting evening recently working on their skaters badge. Mrs. Addie Beaulieu kindly volunteered to do the testing and the Recreation Department gave the arena for the occasion and ten Brownies successfully passed their badge requirements.

C.W.L. SPONSOR TEA

St. Patrick's Day Tea sponsored by Holy Angel's Catholic Women's League was held in the Schreiber Town Hall.

Servitors were: Mesdames Norman Lemieux, Fred McColeman, Ed Bourgeois, Ivan Beauparlant, Alec Power, Bill Cook, Jerry Thrower and Roly Martin. Dining hostess was Mrs. D'Arcy McGuire.
