little harder to give them a better place to work in.

If our Board of Governors can convince the Ministry that we need and want a Health Complex in Terrace Bay, about 75 to 80% will be covered by grants from the Province and the Department of Northern Affairs. The balance will be raised from various foundations such as Bickel and Atkinsons, and the municipalities concerned.

If Dr. Baldwin, Area Planning Co-ordinator for the Ministry of Health had attended the meeting last Wednesday, where the Board of Governors outnumbered the interested citizens, would he have felt that we cared about a Medical Centre in our midst?

Think about it.

current series that could be far outdated by the time you read it.

So, until the playoffs are over, I'll comment about other things.

For instance: There are now 10 hockey players who have scored 50 goals or more in the NHL. Can you name the 10, ha, ha, how soon you forget? Here they are: Maurice Richard, Bernie Geoffrion, Bobby Hull, Phil Esposito, Mickey Redmond, Johnny Bucyk, Rick MacLeish, Vic Hadfield, Rick Martin and Ken Hodge. Hull, as you know, did it five times and Esposito made it four years in a row this season. Redmond has done it twice ...

The greatest record of them all, though, is still held by my idol, Rocket Richard -- 50 goals in 50 games ...

Gordie Howe may be the greatest goal-scorer to ever lace on a pair of skates. But there's one player in the NHL who'll probably surpass all of Howe's fantastic scoring marks.

That's Rick Martin of Buffalo Sabres. Martin has scored 133 goals in his first three seasons in the NHL, which is more than any NHLer has ever counted in three, or even four opening seasons.
