New Books

- 9. Type A. behaviour and your Heart...Meyer Friedman, M.D.
- 10. Alive: The story of the Andes Survivors, lost in the vast snowy wastes of the high Andes..all official rescue efforts abandoned...no food...inadequate clothing for sub-zero temperatures...no medical supplies to ease the suffering of the dying. So began a terrible ordeal for the young men and women who had set out in Uruguay in high hopes for a series or rugby matches in Chile. For the best bargain in town, bring your

used paperbacks in to the Library at any time and make an exchange with other paperbacks, which will be available.

This is a new program which the Library is now starting, but we need your participation to make it successful. The amount of books you bring in will be the amount you will exchange.

This will be hopefully a continuing program. There will also be a box for the exchange of children's books.
