- TAURUS**
Apr. 20 - May 20 Most members of your sign could be preoccupied with much, too much, self pity! One other thing. You're becoming part of someone else's feud.
- GEMINI**

tario gave the key-note address on the new philosophy of the Ministry of Health re hospital services.

The program was co-ordinated by Miss Winnifred Shooter, Co-ordinator of the Auxiliary Volunteer Services, Ontario Hospital Association, Administrative Services Division. The program was on the recruiting, orienting and training of hospital auxiliary volunteers.

A discussion was held during the evening which was particularly beneficial to our own division.

The next District Conference will be September 30th, 1974 in Thunder Bay. A special invitation was extended to all members of the Auxiliary to the McCausland Hospital to attend.

SPORTS SLANTS STRAIGHTENED

It seems that mister Ray Shank, as the rest of us who watched the playoffs on the tube, are the victims of the sports commentators. These commentators tell us to watch the face-offs, they tell us to watch Bobby Orr, so we watch the faceoffs and we watch Bobby Orr. Facts are Clark won only about 60% of the face-offs and even less against Sheppard.

I don't want to take anything away from Clark or the Flyers but the man who won the series almost single handed was Bernie Parent. Its true that Boston is a better team man for man, but the exception is goal. Parent deserved the Conn Smythe trophy. His efforts not only kept Boston off the score board but inspired the rest of the team.

Shank goes on to say that Esposito, a fellow who makes close to \$200,000 can't afford to get tired, at the most crucial time of the season. Anybody who carries the whole Philadelphia team on his back is bound to get tired. Brian Glennie of the Toronto Maple Leafs admitted that in order to stop Esposito you have to "cheat" a little. In other words you have to hold, hook, trip and do anything else that will slow him down.

Philadelphia's hard checking game strategy showed the truth behind the Glennie theory.

Next year, well next year will be the end of the Flyers. They'll all get fat raises for their Stanley Cup victory and start to play hockey like the rest of their colleagues.

But then what do I know I picked Toronto.
