

LIBRARY NEWS

Listed below: The summer schedule for the Terrace Bay Public Library June 15th - September 15th: -

SUMMER HOURS

Monday	1:30 - 4:30 p.m.
Tuesday	7:00 - 9:00 p.m.
Wednesday	1:30 - 4:30 p.m.
Thursday	7:00 - 9:00 p.m.
Friday	1:30 - 4:30 p.m.

The library is in need of more children's paperbacks, for the exchange program. If your children have books to donate, bring them in and let them make an exchange.

New Books for and about Children:

Children in Fear...A book about the fears we teach children and what parents can teach them instead. Written by a well known lecturer and teacher Stephen M. Joseph.

A child's eye view...invaluable for teachers particularly in the field of mathematics and science, and fascinating for the ever-increasing number of young parents trying to understand the developmental psychology of their own children. A CHILD'S EYE VIEW, examines the important implications of Piaget's theories.

BASED on work carried out in the last eight years of Chorley College by Mary Sime and a team of her colleagues and students, the book begins by outlining the fundamental tenets of Piaget about a child's intellectual growth and basic concept development, and describes the reactions of primary school children to some of the tests. The second section illustrates the paths by which young children learn to reason logically, while the third explores the progress of logical thinking as the child matures into the adolescent and the adult.

STAR TREK...complete series available for children.

Make your children's summer reading fun.

The Library has a good selection of large print books by well known authors for those who experience difficulty in reading normal print size.

RECREATION NEWS

PARENTS!!!

Please read your children's swimming registration form carefully. They will not be registered until their fee of \$1.00 per child per month or \$2.50 per family per month is paid - remember the deadline for registration is this Friday, June 21st, 1974.

1974-1975 RECREATION DISCS NOW AVAILABLE:

The 1974-75 Recreation Discs are now available, as advertised in last week's paper. We suggest that all members drop down to the Recreation Office to pick up their Discs as soon as possible. All Recreation Members regardless of Payroll Deduction or cash payment must pick up their Discs at the office.

We would ask that those families picking up their new discs check their envelopes before leaving the office to determine if additional discs are required, or, on the other hand, if members of their family are no longer eligible for membership on the family membership plan.

MINOR BALL PROGRAMME:

During this week, June 17 - 20, the games in the Girls' League and the National League have been cancelled due to the public school Grade 8 trip to Toronto. These games will be re-scheduled at a later date.

Regularly scheduled games will continue in the International and American Leagues.

Many thanks to all the adults and students who have volunteered their time to assist in this programme. Without your help the leagues would not have been able to operate.
