## your week ahead BY DR. A.W. DAMIS

Forecast Period: June 30 to July 6

**ARIES**  
Mar. 21 - Apr. 19

For those under your sign so inclined, your flirtatious activities will prove highly non-productive. Actually, the opposite sex's gestures will be misread . . . don't commit yourself!

**TAURUS**  
Apr. 20 - May 20

Getting hold of reality could be a problem. Beware of a poor or risky money transaction. Also, a misunderstanding with the opposite sex is probable.

**GEMINI**  
May 21 - June 20

It's been a long time coming - suddenly it's here. Questions about your mate or similar alliance's activities dominate, this week. Oh, yes! Rumors a plenty are due!

**MOONCHILD**  
June 21 - July 22

There's an old saying that goes something like this: A bad temper will get you into trouble. And, pride will keep you there. Guard against emotionalism.

**LEO**  
July 23 - Aug. 22

Many under your sign are entering a period of "organized" confusion. This week, more than any other week, for this year . . . your general outlook will change.

**VIRGO**  
Aug. 23 - Sept. 22

Things might seem to be at a standstill, romantically; it's the lull before the storm. A pleasant "shock" is on the way. Hope you can handle it!

**LIBRA**  
Sept. 23 - Oct. 22

A change will take place at your job, project or daily routine. Any way, a member of the opposite sex will be responsible for the "new" approach.

**SCORPIO**  
Oct. 23 - Nov. 21

Moodiness seems to be in the general scheme of things, for many under your sign. And, if that's not enough, the opposite sex won't be much help, either.

**SAGITTARIUS**  
Nov. 22 - Dec. 21

This week, especially, you'll find the other sex, rather, hard to understand. But, when you get right down to it . . . it's your attitude that is at fault.

**CAPRICORN**  
Dec. 22 - Jan. 19

Stop looking for hidden motives and rationalizations. Most members of your sign might be overly suspicious, this week. Accept things at face value, temporarily.

**AQUARIUS**  
Jan. 20 - Feb. 18

This week closes out a series of lucky breaks that have been coming your way. Prepare to face some rather "adverse" conditions. Meaning? Don't rely on luck.

**PISCES**  
Feb. 19 - Mar. 20

It could very well be . . . a letter or phone call, from a loved one, will be misinterpreted. Poor communications might affect your relationship with someone close.
