your week ahead BY DR. A.W. DAMIS

Forecast Period: July 14 to July 20

- ARIES**
Mar. 21 - Apr. 19
Good grooming plays a major role in this week's activities. Actually, a member of the opposite sex will stimulate the sudden interest in your wardrobe.
- TAURUS**
Apr. 20 - May 20
There is a possibility of a clandestine meeting, during this cosmic cycle. So, approach any relationship with the opposite sex, cautiously. Some triangles, in your sign, will develop!
- GEMINI**
May 21 - June 20
As the shifting sands, so goes your thoughts of changing your job, project or routine. Most important, at this time, you might cast too many irons into the fire!
- MOONCHILD**
June 21 - July 22
This week, here's a good policy to keep in mind: In the company of strangers — silence is safe. You might betray the confidence of a friend, unknowingly.
- LEO**
July 23 - Aug. 22
One thing, above all, don't follow your hunches. Your chart shows that your "inner sense" is way out of tune. Make no moves, unless you have the complete facts and data.
- VIRGO**
Aug. 23 - Sept. 22
It was a long time coming, suddenly it's here. Apparently, a long term plan, that you might have forgotten, will begin to materialize, now!
- LIBRA**
Sept. 23 - Oct. 22
Look around, Libra! Changes . . . have taken place, which you may not have noticed — including your relationship with the opposite sex. Incidentally, you might be losing ground in other departments.
- SCORPIO**
Oct. 23 - Nov. 21
Much, far too much, self analysis concerning your sex life, shows in your chart. Try to see beyond your own existence, and concentrate on artistic and esthetic things.
- SAGITTARIUS**
Nov. 22 - Dec. 21
Many under your sign, according to your chart, will think about, or, actually, be in contact with an old heart throb. So, it's a trip down memory lane!
- CAPRICORN**
Dec. 22 - Jan. 19
Should you depend on help, you'll turn around and find only your shadow. Don't under any circumstances believe that associates or co-workers will assist you. You're on your own!
- AQUARIUS**
Jan. 20 - Feb. 18
Project, hobbies or outside interest will pressure your budget. It's a time to tighten your purse strings. Many under your sign will need monies for an emergency.
- PISCES**
Feb. 19 - Mar. 20
This cosmic cycle brings with it a big chunk of luck, good, of course. One thing! Remember, good fortune, many times, arrives through strange avenues!
