\$5.00 per year (local)

\$6.00 per year (out-of-town)

Second class mail Registration Number 0867.

## N. BOUCHIE HONOURED ON RETIREMENT

On Friday, August 16th, Local 665 U.P.I.U. honoured Napoleon (Nap.) Bouchie. At a huge stag party held at the Moose Hall, Mr. Bouchie received purses from Union President, Peter Romanuk, Oiler Shop Steward, James Garriock and fellow employee Paul Kuzyk.

Prior to the stag party, Mr. and Mrs. Bouchie were entertained at a retirement dinner at the Red Dog Inn by Mr. and Mrs. John Pedersen and Mr. and Mrs. Al. Allen.

## B.C. TRIP OF YOUNG VOYAGEURS

On August 3rd we completed our exchange program. In B.C. we were entertained by many different things such as touring the capital and major city and spending a day on the ocean. We visited Skana, the famous killer whale in Stanley Park Aquarium when we went to Vancouver. That afternoon was spent at Gastown, a unique assortment of small shops.

Fuller Lake was the spot for many of the kids to enjoy themselves after a full day. Relaxation was provided by means of a dance and

many impromptu gatherings. After another tearful farewell we flew to Ottawa which was a new setting. The first day brought about the colourful changing of the guards. Next on the agenda was a tour of the Museum of Arts in which we were shown slides of various arts. For most of the afternoon we bussed around Ottawa seeing foreign embassies, the Prime Minister's house and other points of interest. We wound up the day by the usual tour of the parliament buildings.

Montreal was a very memorable place for those who had never been there before. The magnificence of St. Joseph's Oratory was discovered as we wandered around it. After that, we went along the narrow streets of Old Montreal to Notre Dame Cathedral of which the atmosphere was very tranquil. Speeding along in the metro, we made our way to the CBC building where we saw the sets, equipment and control rooms that are used in the production of programs. Before we left Montreal we had lunch at Hotel Nelson, shortly after we departed for Ottawa. En route to the airport the next day, we stopped off at the Science and Technology Museum, which occupied as well as involved the visitor and proved to be a captivating place.
