LAKE SUPERIOR HIGH SCHOOL PARTICIPATES IN YOUNG VOYAGEUR PROGRAM

This summer 24 students from Lake Superior High School took part in a Young Voyageur exchange with 24 students from Vancouver Island. The students from both communities were 16 or 17 years of age and in grades 10 or 11. Students were billeted in private homes with meals provided and therefore needed only sufficient spending money for miscellaneous expenses. Costs for this exchange were borne by the Federal and Provincial Governments.

The program started on July 6 with the arrival of the B.C. students at Thunder Bay airport. Our own students were on hand at the airport to greet our guests. Lunch was provided for the group at the Ponderosa Steak House, followed by a tour of Historic Old Fort William.

For the next week the B.C. students were hosted by our students in Terrace Bay and Schreiber. A program of planned activities was provided by Mr. Baron who acted as receptionist for the exchange. These activities included a tour of Geco Mines and the Ministry of Natural Resources in Manitouwadge, tours of the Kimberly Clark mill in Terrace Bay, the K.C. Nursery in Longlac, a K.C. logging camp, the Weldwood mill in Longlac, and visits to local provincial parks. The students themselves organized social activities for each evening, contributing to the success of the visit. One of the highlights of the week was a civic banquet in honour of our visitors. This banquet was catered to by the Ladies Auxiliary of the Terrace Bay Legion and sponsored by the town councils of Terrace Bay and Schreiber.
