

Hunting Season - continued from page II

Common sense should be a guide to the hunter as to the seriousness of the offence. Other common offences are: failing to obtain the necessary licence and over the limit of birds or animals being hunted. Careless hunting is another common offence. Most evidence presented for this type of charge indicates thoughtlessness and a serious lack of concern for the safety of others. Other offences often found by our officers are: hunting game at night, shooting swimming deer and moose, failure to properly tag the killed animal and hunting during closed season.

Fines upon conviction have increased considerably during the past years. This, coupled with the loss of equipment, makes one wonder why people still take the risk.

A reminder for those hardy individuals who like to wet their fishing lines in the late fall: the lake trout season will close on September 30 in the Terrace Bay District and surrounding areas. This does not apply to Lake Superior, where the angling seasons for lake trout is open all years.

A brief outline of the hunting seasons is shown below. For detailed information, please refer to the printed copy of the 1974 Hunting Regulations, available at Ministry offices or from licence issuers.

**O.F.Y. DAY CARE CENTRE SPECIAL WEEK**

The third week in August was a special week for the children at the O.F.Y. Day Care centre. All that week the children did Indian crafts, teepees, headdresses and necklaces to name a few. Then on Friday they all came dressed as Indians.

Prizes were given to the best costumes - 1st Michelle Mallais; 2nd Raija Liukkonen and 3rd Karen Fournier. This was just one of the activities the children did during the summer.

We would like to take this time to thank the mothers who gave their time in driving us all down to the beach and for their co-operation during the summer. The public school for the use of the toys. The high school for the table and chairs.

There also were coats, sweaters, paints, smocks and blankets left over. If you wish them please call D. Coupal 3621 after school.
