

Homes for the Aged Meeting - continued

has already dealt with a change in the wage scheduling and will be dealing with rates paid to RN's employed in the homes. They will also be working on new rate schedules for heads of staff for 1975.

your week ahead BY DR. A.W. DAMIS

Forecast Period: November 10 to November 16

- ARIES**
Mar. 21 - Apr. 19
Most members of your sign will acquire knowledge that is far afield from your present job, task or project. What is more, you'll probe into strange territories.
- TAURUS**
Apr. 20 - May 20
This week's events take on an unusual twist. According to your chart, a decision must be made between the wants of a person older and a person younger than yourself.
- GEMINI**
May 21 - June 20
You are entering a period when time and effort put into the past—will pay off. Also, you might regain an item given up as being lost.
- MOONCHILD**
June 21 - July 22
Planetary configurations spell out a gossip's paradise. Guard your words, you'll contact a backbiting "friend." Don't take sides in a feud that exists among your associates.
- LEO**
July 23 - Aug. 22
Remember, the more light in our eyes, the blinder we become. Meaning? Review your present relationship with the opposite sex. You're prone to misreading words and gestures.
- VIRGO**
Aug. 23 - Sept. 22
Mutual understanding, seems to be this week's keyword. Your chart indicates the formation of a partnership, in one form or another.
- LIBRA**
Sept. 23 - Oct. 22
Look out Libra! Suddenly, you'll notice that there has been changes, big changes . . . in your surroundings. Try to face things as they really are . . . especially, with the opposite sex.
- SCORPIO**
Oct. 23 - Nov. 21
For most members of your sign, Xmas, in one way or another, will arrive a little earlier. You'll take a trip down memory lane.
- SAGITTARIUS**
Nov. 22 - Dec. 21
Good grooming, and a good first impression, plays a major role in this week's events. Standby for a new face to arrive on stage.
- CAPRICORN**
Dec. 22 - Jan. 19
Too many irons on the fire, will plague members of your sign. Try to meet problems on a "one to one" basis. And, don't worry about making "brownie points."
- AQUARIUS**
Jan. 20 - Feb. 18
Someone close by seems to think that the grass is greener, elsewhere. You might receive a few hints about changing your residence, job, task or project.
- PISCES**
Feb. 19 - Mar. 20
Remember, it's patience that makes the big difference between the spider and the fly. Meaning? Forget the "lecture" you've prepared for the opposite sex.
