

ROSSPORT TOWN TOPICS

Mrs. Annie Molinski of Beausejour, Man., and her sister Mrs. Jean Staska of Winnipeg visited relatives and renewed acquaintances here and left to cover the Circle Route of Lake Superior on their return trip to Manitoba.

Miss T. Maskrini and Peter Mushquash of Sioux Lookout visited the latter's parents last week.

Mrs. Edna Mushquash is a patient in St. Joseph's Hospital this week.

Isadore Ray was a business visitor to Nipigon last week.

Mr. and Mrs. Eugene Legault motored to Sault Ste. Marie on the weekend.

Mrs. Ron Lanigan has returned from Nipigon Hospital.

Sara Ann Lanigan is a patient in Nipigon Hospital.

Lionel Hubelit of Wawa visited his parents, Mr. and Mrs. Mac Hubelit enroute to Thunder Bay Sunday.

A harrowing experience of spending the night in the heavily wooded bush areas of Wilson Island last weekend was had by two hunters, G. Johnson of Kingston, and J. Johnson of Peterboro. The deer hunters became confused by fog and rain and could not find their way back to their camp. Violent thunder storms and torrents of rain added to their discomforts. They reached camp and comrades a day late just as their companions were preparing to sent out a general alarm. They shot no deer but their party had shot three moose on a previous trip this year.

At the annual meeting of the Roads Commission Board Friday evening, the executive was re-elected by acclamation for another term, as there was a very poor turnout for the meeting. They are - Ray Kenney, Herb Legault, and Romeo Bouchard. Ron Lanigan was re-appointed Secretary-treasurer, and the chairman will be appointed at the next meeting.

Mike Muckaluc, Supervisor of Roads and D.

Peterson of Department of Highways were present. It was an informative meeting for those present.

AFTER TWENTY YEARS CURLING BUILDING TO BE SOLD

The Curling Club folded up last winter. Those of the original members who put up the building left, met at Mrs. Todesco's home Sunday evening to decide on its future. The building is in such state of disrepair by vandalism, the past two years, that it would require hundreds of dollars to repair and renovate it, that those present decided to sell the building. They plan on putting it out on tenders.

Other things for sale are 110 feet of $\frac{1}{2}$ inch new hose, an oil space heater and fuel oil.

Arrangements were made for the disposal of the curling rocks and the folding seats, tables, and chairs to anyone who wanted them.

The Ontario Hydro is to be notified to discontinue service at the rink.

It was decided to have the annual trophy that was offered in competition in the round robin of games enclosed in a glass case and put in the public building. A committee of three men were appointed to handle the sale of the building and Mrs. Todesco to remain as secretary-treasurer till all sales were closed and whoever buys the building must move it as soon as possible and clean up the lot. The sale of the building must be a cash deal.

Ideas

FOR YOUR CHILDREN'S EDUCATION

With young children to protect, you need added insurance coverage! Sun Life's Family Security Benefit provides the coverage you need now, at low cost. Let's discuss it.
