TERRACE BAY COUNCIL QUOTES

The Township Council meeting held last Tuesday evening, was opened with a brief presentation from Lakeshore Community T.V. representatives, Mr. Dale Evoy and Mr. Ron MacIntosh. These gentlemen came to Council to introduce the company and outline future T.V. plans for the area (see article re T.V. plans in this issue). After hearing the brief, Council fully endorsed their plans and will prepare a letter to be sent to government officials.

A proposed plan of subdivision re cottage lots, Terrace Bay, on Lake Superior was presented for Council's approval with Mr. Carl Gorham present to answer questions.

Mr. Gorham stressed to council the cottagers were requesting no further services from the town, other than those already being received - these being fire and police. Council moved that this plan of subdivision be accepted and will now have it processed through the proper channels for acceptance.

Council proceeded with the regular meeting and passed the minutes of the previous meeting.

Lengthy correspondence first dealt with a letter from the Ministry of Industry and Tourism re North of Superior Travel Association. Reeve Bray highlighted on this matter, saying the Chamber of Commerce is presently waiting for further information on this Travel Association.

Barry and Marjorie Stephen wrote council of their concern re the Library staff and its funding. They stated an increase of staff and funding should be examined due to the town's expected increased expansion. Council will acknowledge the letter and forward it to the Library Board.

CONFEDERATION COLLEGE COMMUNITY RADIO

Radio and Television Arts students of Confederation College have begun daily programming on Cable 2 through the facilities of MacLean-Hunter Cable T.V. The station, called C.C.C.R. (Confederation College Community Radio) will serve as a training ground for 2nd year students in the Radio Television Arts Program.

Programming will be carried from 4:00 p.m. to 12:00 midnight each day and will offer a variety of material not carried by normal broadcasting outfits. Also included will be ethnic programming and local artists performing in concert.

Other tentative plans include a nightly 1-hour rock music program, weekly dramatizations of children's stories, panel discussions on social issues, non-credit courses by radio, and the return of the network radio series "The Shadow" to be heard weekly.

Prior to 4:00 p.m. daily, CKPR-FM programming will be carried on Cable 2.

It is hoped that the station will not only provide the students with actual on-air experience but will also act as a bridge between the community and the College.

LODGING HOUSE INVESTIGATED

A regular meeting of the Thunder Bay District Health Unit Board of Health was held on November 1, 1974 at the Health Unit. Prior to the general meeting the Board met and discussed personnel and financial matters.

Alderman F. Koss was present to discuss her
