HOSPITAL FUND OFFICIALLY LAUNCHED

The Board of Governors of the McCausland Hospital has officially launched the building fund for the proposed new hospital. To date the sum of \$1770 has been realized through personal donations as well as those from organizations. Our latest donation was \$1000 from the Auxiliary to the McCausland Hospital. We wish to thank the Auxiliary for the most recent, of many, donations of money and service, and we hope that this will motivate other community organizations to do likewise. Again, we wish to remind everyone that receipts will be issued for income tax purposes.

The Finance Committee of the hospital is presently selling tickets on an Arctic Cat, with second and third prizes of \$75 and \$50, respectively. The draw will be held on December 17th. If you have not yet purchased your ticket, please contact Bruce Tilbury in Schreiber.

On November 28th, the C.W.L. of Terrace Bay will be holding a bingo with profits going to the new building fund.
