

IN MEMORIAM

MITCHELL, CATHERINE

In loving memory of Catherine Mitchell, who passed away on November 30th, 1971.

Those we love go out of sight,
But never out of mind,
They are cherished in the hearts,
Of those they left behind.

Always remembered by Charlie, Dorothy, Keith and Marvin.

your week ahead BY DR. A.W. DAMIS

Forecast Period: December 1 to December 7

- ARIES**
Mar. 21 - Apr. 19
Duplicating a past mistake, connected with a member of the opposite sex, seems to be in the scheme of things. Learn from experience, please!
- TAURUS**
Apr. 20 - May 20
In affairs of the heart, you'll ponder the question of true love versus the want of material things. You'll do some deep thinking, this week.
- GEMINI**
May 21 - June 20
Chances that you've taken in the past should begin to pay off, during the close of this week's cosmic cycle. Things look favorable, or, at least, surprisingly pleasant.
- MOONCHILD**
June 21 - July 22
In spite of what you think or anticipate, the end results of this week's activities will be—most productive. You're heading toward the winner's circle.
- LEO**
July 23 - Aug. 22
Events that take a surprising twist, connected with the opposite sex, will bring out the best in you. Incidentally, pride is something you cannot relinquish.
- VIRGO**
Aug. 23 - Sept. 22
It's not a good idea to form a friendship, during this cosmic cycle. Your ability to judge character is at a very low point. Also, keep conversation casual.
- LIBRA**
Sept. 23 - Oct. 22
Don't discuss your personal problems at large. As a matter of fact, keep your feelings to yourself. Moreover, a member of the opposite sex will test you.
- SCORPIO**
Oct. 23 - Nov. 21
Mundane events will affect most members of your sign; you might guard against the elements. Moreover, follow basic safety precautions in your home.
- SAGITTARIUS**
Nov. 22 - Dec. 21
A series of minor events will snowball into a favorable situation. It seems as though your sign can do no wrong, during this week's cosmic cycle.
- CAPRICORN**
Dec. 22 - Jan. 19
Being too concerned about the feelings of an associate, shows in your chart. This week, over-acting to the whims of people—could be a problem.
- AQUARIUS**
Jan. 20 - Feb. 18
Contacting unpredictable co-workers or associates seems to be your nemesis, for the next several days. Bluntly, don't base your future on someone else's promises.
- PISCES**
Feb. 19 - Mar. 20
There's a mischievous personality, within you, that nobody knows about. Anyway, that "other personality" is going to take over for a day, at least.
