## Harold McParland For Reeve of Schreiber

I have been associated with Municipal Affairs and interested in helping people for many years.

I was on the executive of Minor Hockey for six years and a member of the former High School Board for 7 years; 4 years on the Board of Thunder Bay District Health Unit; 6 years as a member of the Thunder Bay Children's Aid Society Board; 8 years on the Town Council; and served the past 2 years as Reeve.

The sewage project should be completed next year and the re-proving programme could be started by October.

Tenders should be ready on the new dam at Cook's Lake within a month and our Medical Centre should be ready by the middle of December.

We have applied to come under the Technical assistance of the Ministry of Housing. They will assist us in a new planned subdivision.

I am willing to continue working for our citizens to complete all these understandings and I am confident I can help direct the new Council in these endeavours for our town.

Signed: Harold McParland.
