your week ahead BY DR. A.W. DAMIS

Forecast Period: December 8 to December 14

ARIES
Mar. 21 - Apr. 19

You might be in the mood to recruit allies for a project that has bogged down. Take care! A new face, on the scene, could create problems.

TAURUS
Apr. 20 - May 20

There's a few anxious moments forecast for this week's cosmic cycle. Indirectly, a younger person's friends or associates will be the source of your being concerned.

GEMINI
May 21 - June 20

It's a fact of life, many members of your sign will be trapped in the "eternal triangle." So, if you've been in bounds — stay there!

MOONCHILD
June 21 - July 22

A major decision awaits you, this week. Whatever you do, don't be entrapped in the "worry circle." Do what has to be done, quickly . . . the clock ticks against you!

LEO
July 23 - Aug. 22

Proceed with caution at a gathering or informal party. An incident with a member of the opposite sex — could trigger a chain of unfavorable events.

VIRGO
Aug. 23 - Sept. 22

Your chart shows a bad case of self pity and an overworked imagination. You'll feel tied down and restricted, for one reason or another.

LIBRA
Sept. 23 - Oct. 22

There's no question about it, according to your chart, someone will toss an overture your way. Play it cool — it won't be a last chance situation.

SCORPIO
Oct. 23 - Nov. 21

Neglect and forgetfulness might cost you the loss of a personal article. It might be a good idea to keep your valuables under lock and key.

SAGITTARIUS
Nov. 22 - Dec. 21

A member of the opposite sex's good grooming, poise and mannerisms, will indeed, impress you. The point? Don't take whatever friendship that might develop — too seriously.

CAPRICORN
Dec. 22 - Jan. 19

This week, it's a situation of, "If I only knew then, what I know now." You and an associate hold fundamental differences in "how" to approach a problem.

AQUARIUS
Jan. 20 - Feb. 18

Good judgment won't be one of your strong points. Take care in putting together a formula to please the opposite sex. Tender love and care works — sometimes!

PISCES
Feb. 19 - Mar. 20

You'll tamper with the two ingredients that make up a sour batch of unreality . . . nostalgia and the thought of the grass being greener, elsewhere.
