your week ahead BY DR. A.W. DAMIS

Forecast Period: December 15 to December 21

ARIES Mar. 21 - Apr. 19 Indecisiveness on the part of someone in authority, might cause you unnecessary self sacrifice. Meaning? Don't rely on help, promised by a superior . . . go it on your own!

TAURUS Apr. 20 - May 20 Outside pressures could force you to do irrational things. Make certain that you are not manipulated by a friend's "good" advice. Also, avoid "pushiness" with the opposite sex.

GEMINI May 21 - June 20 Keep long term plans to yourself. Curb the desire to take on an associate. Bluntly, any help you receive at this time . . . will have strings attached.

MOONCHILD June 21 - July 22 More than any other sign in the Zodiac — you, Moonchild, will be drawn to the holiday nostalgia. Much of the past will enter your life, this week.

LEO July 23 - Aug. 22 Good tidings are heading your way. It seems as though, "lady luck" will smile at most Leos.

VIRGO Aug. 23 - Sept. 22 Becoming involved in situations that might be shady, is indicated. Stay in bounds while attending social functions. Your relationship with the opposite sex takes a strange twist.

LIBRA Sept. 23 - Oct. 22 Personal magnetism and the ability to persuade, seems to be in the scheme of things for Libra. You'll have your own way, during this cosmic cycle.

SCORPIO Oct. 23 - Nov. 21 Those under your sign, unattached, can look forward to preliminary overtures; a new romance is waiting in the wings. Other Scorpios, can expect an improvement in their project.

SAGITTARIUS Nov. 22 - Dec. 21 You might be at odds with your superior or boss. Take the philosophical attitude that: You can't beat city hall. Guard your words, a setback is possible.

CAPRICORN Dec. 22 - Jan. 19 Through your own effort, you'll face greater tasks and pressures. Meet things "one by one" and keep on plugging. Long delayed gains should materialize, this week.

AQUARIUS Jan. 20 - Feb. 18 Don't borrow an associate's personal property. According to your chart, there's a possibility of you being neglectful of someone else's belongings. Actually, you're prone to carelessness.

PISCES Feb. 19 - Mar. 20 No question about it, any "half-hearted" relationship with the opposite sex . . . will terminate, during this particular cosmic cycle. Many persons will undergo a change in affairs of the heart.
