All children are invited to attend

KIMBERLY CLARK TO SUPPORT NEW HOSPITAL

Announcement of Kimberly-Clark of Canada Limited's financial support of Terrace Bay's new McCausland Hospital was made jointly today by the hospital's board of governors and Grant L. Puttock, president of Kimberly-Clark of Canada.

For each \$2.50 donated by residents and businesses to the hospital's building fund, Kim-

berly-Clark of Canada will contribute \$1 -- up to a maximum of \$100,000.

This means that if sufficient funds are forthcoming from other private sources, Kimberly-Clark would contribute about 30 per cent of the \$335,000 which the hospital board must raise as its share of the estimated \$2 million construction cost of the new hospital. The remainder is paid by the Ministry of Health in the form of a grant.

"Modern medical care facilities to serve all of the people is of the utmost priority in our growing area", said Mrs. Rena McAdam, chairman of the 12-member hospital board.

The new hospital, which will replace the existing McCausland Hospital built by Kimberly-Clark 25 years ago and donated to the community, will also serve the residents of Schreiber, Rossport and Pays Platt.

"Kimberly-Clark has done a great deal for the Terrace Bay area and their latest announcement is in keeping with the image they have created as a member of the community in the past", said Mrs. McAdam.

In addition to providing regular in-patient care, the new hospital would be designed as a health care complex, including physiotherapy facilities as well as offices for doctors and dentists.
