COFFEE AND DONUTS
TO CELEBRATE OUR 1ST ANNIVERSARY
ON
FRIDAY, DECEMBER 27
10 - 11 A.M.
DOREEN & BILL'S SNACK BAR**

**Christmas Trees Recycled
To Balance Our Ecology**

Each year whole forests of young spruce trees are chopped down in their prime and displayed with decorations as Christmas trees in millions of American homes. After the two-week holiday season, they are discarded.

But Christmas trees can now be recycled. They can be given a second life in which their organic components can be put to work nurturing other life. A machine known as a wood chipper instantly reduces them to valuable garden mulch.

This mulch retains soil moisture and can be applied on top of snow to protect bulbs and stems of young trees and shrubs. Also, this coarse sawdust-like stuff is as good as salt or sand for improving traction on icy driveways.
