week ahead BY DR. A.W. DAMIS

Forecast Period: February 9 to February 15

19 This week, a friendship might drop in value, of all things, because you'll receive special treat- ment from a member of the opposite sex. Jealousy plays a big, big role!

20 A lucky break might cause your spirit to soar, as well as your desire to spend. See that a little money isn't parlayed into a—long term debt.

20 The indecisiveness of someone in authority might be the reason for your being overlooked at your job or project. Look around for an op- portunity you might hear about.

D Bluntly, it's not a good time to buy. Many under your sign are prone to deception. Please, please steer clear of any "get rich schemes."

22 Gentle manipulation, wheeling and dealing, is in order. It's time to plunge and speculate. What you do this week, financially, will pay off heavily, in the long haul.

t. 22 Pessimism blooms in full glory for most mem- bers of your sign. Good fortune sometimes hides behind a minor reversal. Hang on you'll turn a loser into a winner!

t. 22 This cosmic cycle might come on as being, rather, dull. Nonetheless, there's a new roman- tic twist—under a veneer of boredom.

21 Something you buy, especially an an- tique—should be an excellent long term invest- ment. Many under your sign will do well—in purchasing used items.

US Usually, decisions based on gossip and hearsay are deadly. This cosmic cycle, however, an old friend has information that could be helpful. Check into it!

RN Take your stand, Capricorn. According to your chart, a member of the opposite sex will push you into doing things you don't want to do.

S Passing the buck, seems to be in the general scheme of things. This week, you'll become ultra sensitive to other people's shortcomings.

p. 18 There's an old saying that could apply to you, this week. What is it? You always hurt the one you love—think about it!

Elizabeth, now skating out of Port Arthur Club while attending school there this term, received her training in Winnipeg with Desira Skene and the previous summer in Schumacher with Hans Gershweiler. This year Elizabeth has studied under two pros, Barbara Hutcheon in Port Arthur and Ivy Pattison in Terrace Bay.

Mrs. Betty Bouchard of Terrace Bay, a double Gold Judge, who had been called in the judging of the Sectional Figure Skating Championships in Coppercliff, remarked that Eliza- beth was a real credit to Terrace Bay, though unfortunately not skating out of here this year, and had given a very nice programme.
