NEWS: In one of the best games seen in Terrace Bay this season the Superiors in 10 minutes of overtime on

Next week ahead BY DR. A.W. DAMIS

Forecast Period: February 23 to March 1

Feb. 19 It would be a good idea to do some fence mending. Most persons of your sign have been taking a member of the opposite sex—for granted. You might be surprised!

Feb. 20 An associate's over friendliness will be a subtle manipulation, in disguise. Think twice about motives and reasons behind the scene. Don't pull chestnuts from the fire.

Feb. 20 For those under your sign unattached, this would be an excellent time to look around. Romance opportunity should be bountiful. You'll be persuasive in affairs of the heart.

Feb. 22 You are entering a period when it's time to put a check rein on your feelings. Actually, an associate's indifference and carelessness will provoke you.

Feb. 22 A variety of problems with someone younger than yourself, shows in your chart. You might not believe so—nonetheless, cruelty is the major cause.

Feb. 22 Not that you haven't been told, hear or read about it happening to other people... money, or the lack of it, is going to do strange things to you.

Feb. 22 Decided right now, you're not going to get your own way, this week. Whatever you do, don't take on a project that requires cooperation and teamwork.

Feb. 21 You might try being realistic toward overtures that will come your way. Someone is attempting to throw you off balance in your job, task or project.

Feb. 21 Don't borrow personal articles. Also, avoid lending same. According to your chart, there seems to be a bizarre penalty for borrowing or lending valuables.

Feb. 19 Well now, a close associate is, secretly, thinking in terms of changing residence. Checking into it, you will find the change will, definitely, affect your future.

Feb. 18 Contrary to what you have been told in the past, it's not wise to be tactful or diplomatic at all times. So, take a stand against a trouble making associate.

Mar. 20 It's showdown time for you. See that you air a grievance that has definitely bogged down your job, task or project.

Saturday night defeated Geraldton Goldminers 4-3. Thompson in the Geraldton net was practically unbeatable as he stopped the Superiors repeatedly especially the rink length rushes of Moro. In the overtime stanza the Superiors scored the only goal credit going to Bond and although Geraldton took Thompson out of the net with 40 seconds left to play they were unable to beat Weaver as the game ended.
