MISS HASTINGS "HONOURARY GRANDMOTHER"

Anna Hastings a resident of Terrace Bay formerly of Marathon, was honored on Valentine's Day by being named "Honourary Grandmother of the Year" by the Brownie Pack of Marathon. This is a standing year for them as it is the 100th year of Guiding. Miss Hastings was given a Valentine corsage made up by the brownies and in honor of this honour. On February 14th "Valentines Day", the Kinross Club entertained the residents of Terrace Bay with a Valentine tea and afternoon bingo. Ten games of bingo were played and the lucky winners were: Mrs. Bryson, Mrs. Adam, Mrs. Hastings, Mrs. Bernadette (3 games), Mr. Black (2 games), Mrs. Strick and Mrs. Carl Sorenson. Beautifully decorated valentine cakes were served with tea & coffee. Everyone participated and Mrs. Bryson expressed thanks and appreciation on behalf of the club for a most enjoyable afternoon.

COMPUTER TERMINAL IN HIGH SCHOOL

The Lake Superior High School in Terrace Bay has been equipped with a computer terminal to speed career guidance information to its students.

The computer terminal gives the students direct access to the Ministry of Education's data processing branch where information on some 7,000 careers and 450 postsecondary institutions is stored.

Normally a student writes to the Ministry seeking career information and receives it by return mail. The system, known as the Student Guidance Information Service, is used by more than 100,000 students across the province.

Lake Superior students will now be able to sit down at a console, request the information they need and receive instant video readouts or computer printouts of the career information they desire. In addition to providing instant information the computer system also relieves school guidance counsellors from data gathering duties so they can spend more time with the students.

Six other Ontario secondary schools have been equipped with the direct computer hook-up.

Always be sure the ICE IS
SAFE for your winter sport.
