

NOTICE OF MEETING

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

family will be the most important thing that can
 Bruce's life. This youngster is a real home-boy, in-
 in family-type activities. He gets back to his foster
 weekly as possible after school and is perfectly happy
 foster mother or father around the house. He'd much
 rather stay out to play with his classmates.

Bruce is an attractive-looking healthy boy of Irish
 with brown wavy hair, blue eyes and fair skin. He is

of average ability and stands about the middle of his
 class. He wants to be a policeman when he grows up.
 He lives in a rural area on what is not really a farm but with
 some farming activities. Bruce is accustomed to
 open space, to the responsibility of caring for dogs,
 and rabbits. All of this he enjoys.

If you are about adopting Bruce, please write to Today's
 Agency of Community and Social Services, Box 888,
 Toronto M4P 2H2. For general adoption information,
 contact the local Children's Aid Society.
