Week ahead BY DR. A.W. DAMIS

Forecast Period: May 4 to May 10

09 An older person is going to put you to test. There's
 a high probability that you might be forced to
 sacrifice a friendship or recent acquaintance.

00 It seems as though you'll become extremely prac-
 tical about your relationship with a member of
 the opposite sex. Meaning? Monies, job and
 career potential will be taken into consideration.

20 During this cosmic cycle, most members of your
 sign will be in the mood to organize. So, don't be
 surprised if you have the strong urge to clean up
 your environment.

0 You're prone to spend, entirely, too much time
 and money on whims and trivia. Put monies into
 a minor repair that could snowball to a major
 reversal.

2 Your job, task or project might affect your
 health. According to your chart, it would be a
 good idea to take basic safety precautions, this
 week.

22 Misunderstandings and poor communications
 seem to be in the general scheme of things.
 Listen, intently, to instructions and read
 details, religiously. Again, much will depend on
 proper communications.

2 Wanderlust, in affairs of the heart, shows in the
 charts, for most members under your sign. Such
 mischief, will indeed, affect your job, task or
 project.

1 Listen, Scorpio! A devious member of the op-
 posite sex, shows in your chart. Be certain that
 you are not led into circumstances, set up to work
 against you.

US One shot deals, get rich schemes, bloom in full
 glory. This cosmic cycle offers veiled promises
 and fake opportunities. So, "pass" on any—last
 chances!

9 Ambition—is a good thing! It's full speed ahead,
 for your sign, Capricorn. One problem, don't of-
 fend a superior or person in authority.

8 Without conscious design, a member of the op-
 posite sex might lead you, ever so gently, into a
 situation... that might cause gossip.

00 Poke up the fire of optimism. According to your
 chart, a promise given you several months
 ago—will materialize this week. All should go
 well, Pisces.

seen any of 'em. "FLYING SAUCERS", he said, "They're nothin'
 you should be around our front door at night when I get home

 all flying!"
