SUMMER PROGRAMME DEVELOPER - POSITION OPEN:

Please refer to page I4 for an ad outlining a new position with the Recreation Department made possible through a grant from the Provincial government. Anyone interested in applying for this position should submit a letter of application by May 16th.

TENNIS COURTS:

Within the next week or two, the remainder of supplies should arrive to enable the final installation of the tennis court fencing. Once the fencing has been installed, which hopefully will be mid-May, the courts will be made available for play.

Hopefully by the end of May all work will be completed on the tennis courts, resulting in two brand new courts for tennis enthusiasts in our community.

Arrangements are presently being made to bring in a tennis clinic during the early part of June, as a number of people have indicated interest in this type of clinic.
